The screenshot shows a Windows Internet Explorer browser window displaying the Promethean Planet website. The address bar shows the URL: http://www.prometheanplanet.com/server.php?ResourceSearch%5Bsearch_text%5D=plants&ResourceSearch%5Bsubject%5D=00200n0090020020038&ResourceSearch%5Bgrade%5D=00200n0090020020038. The website header features the Promethean Planet logo with the tagline "the world's largest interactive whiteboard community" and a banner for "400,000 MEMBERS!". Navigation links include Home, Members, Resources, News & Events, Professional Development, Shop, Support, and Download ActivInspire. A search bar is present with filters for Keywords, Subject Area, and Grade/Level. The search results section displays a single match for "Plants, Flowers and Trees" resource pack. The description states: "This resource pack contains over 300 resources that you can use for your flipcharts in teaching about plants including plant cells, leaf structure, photosynthesis and pollination. The resources are varied and include photos, illustrations, diagrams and some basic flash files." The subfolders listed are: Flowers: 89 images of flowers; Fungi: 27 drawings of fungi - mushrooms; Pages and Backgrounds: 19 of them including voting templates and classification templates; Plants: 24 images of plants; Trees: 92 images of trees including diagrams. The website also features sections for "Related Resources" (Lessons - 32 found, Weblinks - 15 found) and "Featured Flipcharts" (Hannah's Horrible Truth, Getting to Know You Board Game, Autumn). The footer shows the URL <http://www.prometheanplanet.com/server.php?show=ConResource.20114> and the time 8:37 AM.

5. Click to open the resource pack preview. In the bottom, left hand corner will be a **download resource pack link**

Start Plants Flowers and Tr... ActivInspire - Studio Document1 - Microsoft ... Internet 100% 8:37 AM

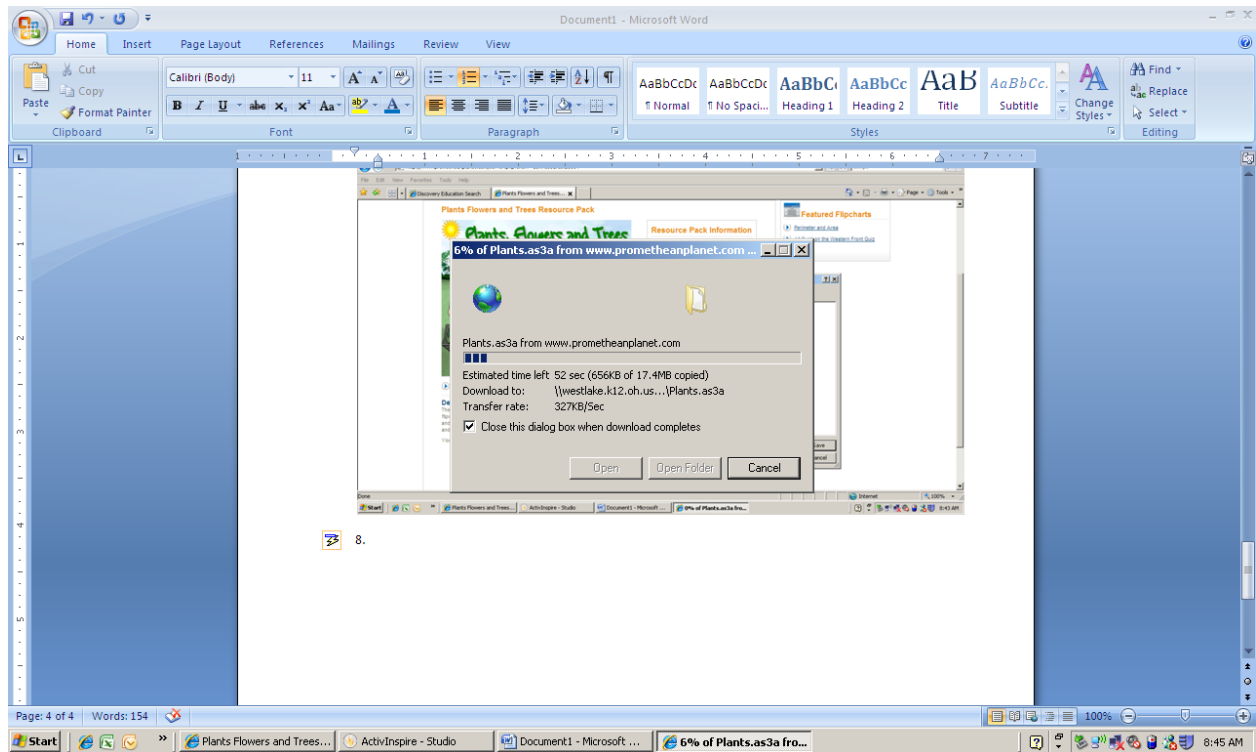

6. Click the download link. In the window that opens, choose SAVE.

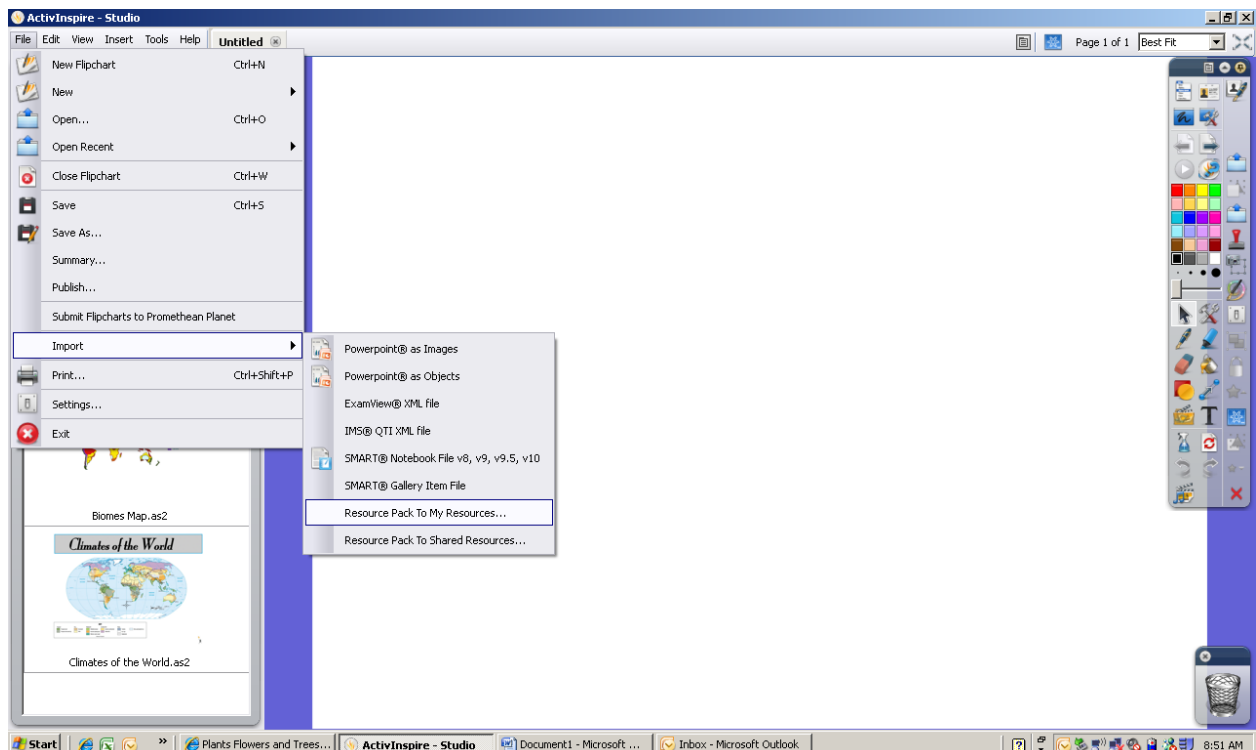

7. A window will open allowing you to choose where to save the resource pack so you can install it later. I chose MY DOCUMENTS. I will delete it from MY DOCUMENTS after installing it to ActivInspire.

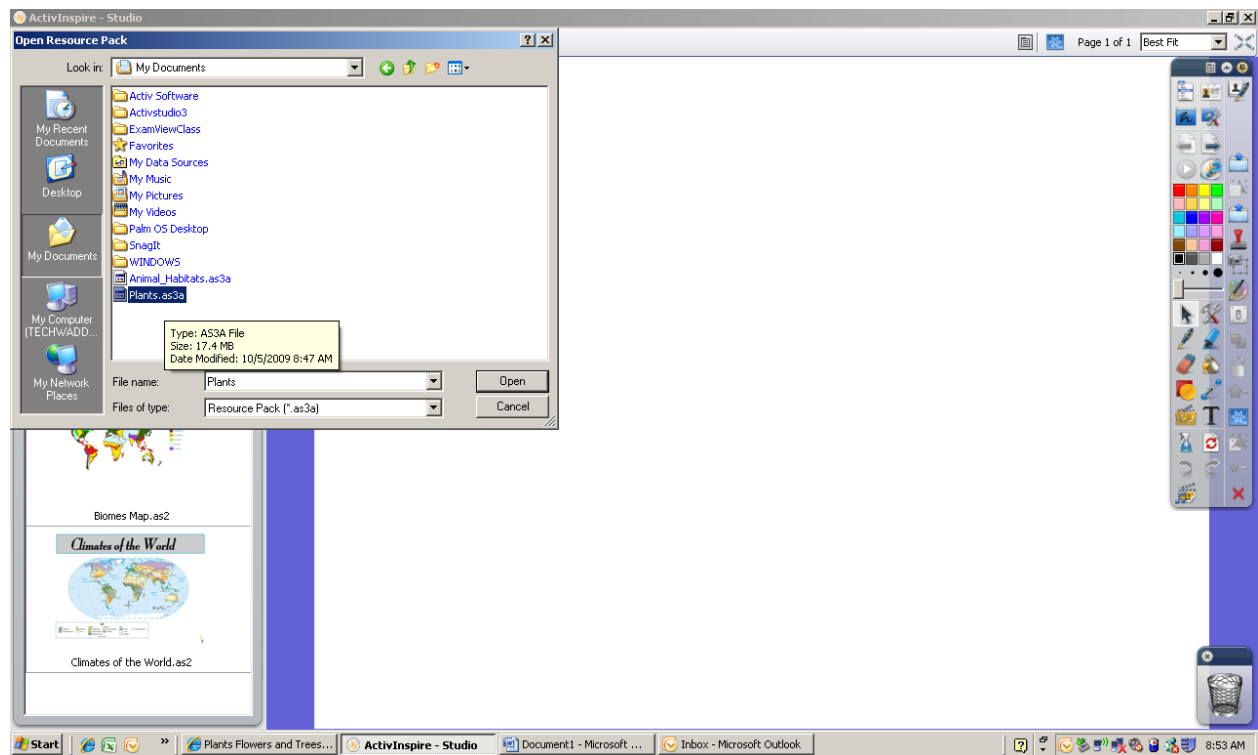

8. Click SAVE and the resource pack will be saved to your computer

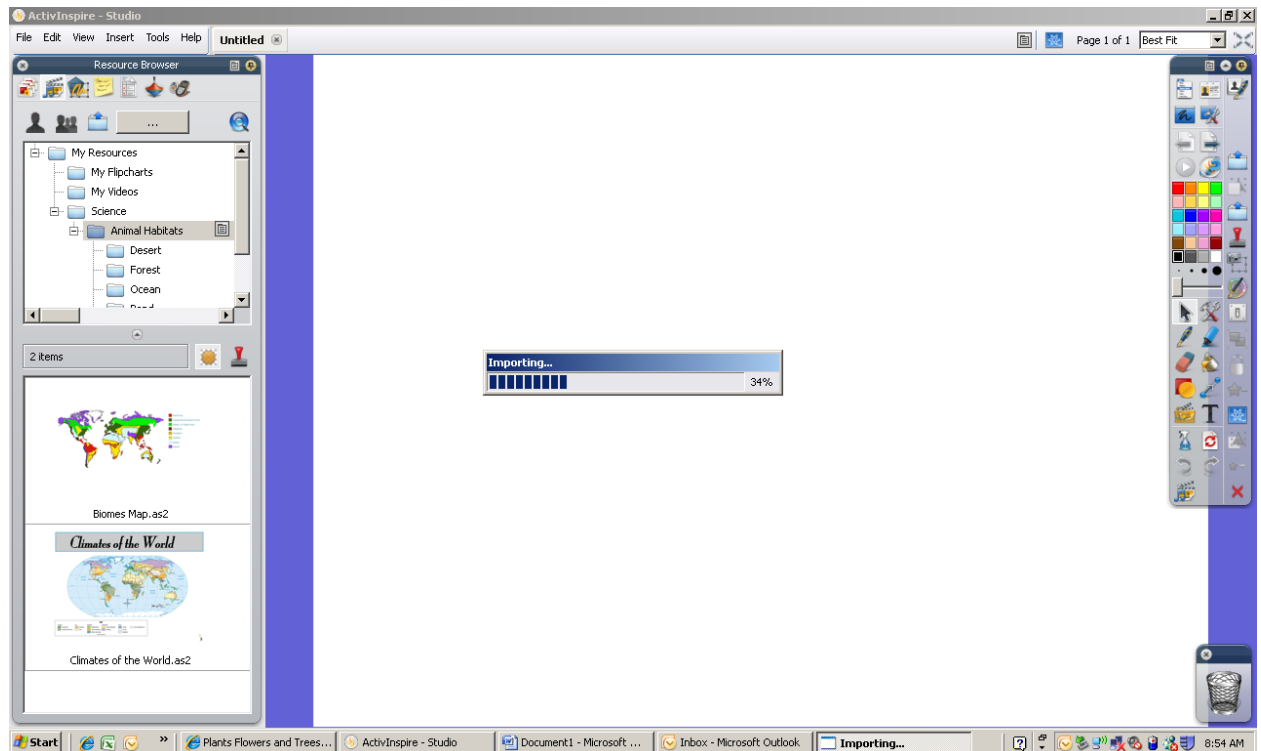

9. Once the download is complete, Open Inspire and go to FILE→Import→Resource Pack to My Resources.

10. In the window that opens, locate the resource pack that you want to add to Inspire.

11. Click OPEN and the resource pack will be added (imported) to your resources

12. Next time you open MY RESOURCES in Inspire, your new resource pack will be there and available for use in flipcharts. *Please remember to go back and delete the downloaded file from your My Documents folder. (I guess that's a 13th step, but it's important so please don't forget!)*
